Jayne, at this point we need the 30% amount on which the hold back is based. I believe Jill was working on that. Is she around today? Remember the holdback is on the entire FY15 319 award after rescission, not just the 319 grant amount.

Hi Nora,

Below is the “holdback” language contained in the FR and I understand Christine would like to include in the CN. I had Lori Cora “re-review” this language just yesterday before I concurred on the CN.

EPA is placing a payment (i.e. drawdown) restriction on 30 % (\$____) of the Federal Fiscal Year 2015 funds awarded under Section 319 of the Clean Water Act, in accordance with 16 U.S.C. Sec. 1455b(c)(4), until the state has demonstrated to EPA’s satisfaction a commitment to address the remaining gaps in its coastal nonpoint program.
